

# TOOL ORGANIZERS

## Arsenal® 5502 26-Pocket Framer/Builder Tool Rig

A 15-pocket tool pouch, 10-pocket fastener pouch, and a hammer holder provide

ample storage for the tools needed for framing and general construction. Puncture-resistant 1680D ballistic nylon, PVC-reinforced pouch bases, reinforced bindings, and nickel-plated rivets and hardware combine to create one rugged Tool Rig. Nickel-plated storm drains in the pockets keep equipment ventilated and dry. Comfortable 5" padded base layer tool belt.

Item No	Description	Size	Unit
ERG13608	26-Pocket Synthetic Tool Rig	L	Each
ERG13609	26-Pocket Synthetic Tool Rig	XL	Each

## Arsenal® 5504 34-Pocket Framer/Builder Tool Rig

It's hard to imagine not having enough room for carpentry tools when wearing the 34-Pocket Tool Rig. It is made of puncture-resistant 1680D ballistic nylon, and features PVC-reinforced pouch bases, reinforced bindings, and nickel-plated rivets and hardware.

Nickel-plated storm drains in the pockets keep equipment ventilated and dry. The 3" vented foam padded base layer tool belt ensures comfort, even when you're weighted down with the tools of the trade.

## Arsenal® 5524 15-Pocket Framer/Builder Tool Pouch

Keep plenty of tools and fasteners well organized and conveniently

accessible. Features three main pockets for large tools and fasteners, and 12 small pockets for other equipment. Made of rugged, puncture-resistant 1680D ballistic nylon with nickel-plated hardware. PVC pocket bases with nickel-plated storm drains keep tools and fasteners dry and ventilated. Includes a handy detachable tape measure pouch.

Item No	Description	Size	Unit
ERG13624	15-Pocket Synthetic Pouch	One Size	Each

## Arsenal® 5802 Widemouth Medium Sized Tool Organizer

Organizes tools and makes them easily portable. Constructed of puncture-resistant 1680D ballistic nylon with nickel-plated hardware. A wide, reinforced opening allows for easy access to tools and equipment. A molded rubber base keeps it upright and prevents water from damaging the contents of the Organizer. Features 14 exterior pockets, 14 interior pockets, and outside tape loop and straps for longer tools.

Item No	Description	Size	Unit
ERG13702	Medium Widemouth Tool Organizer	M	Each

## Arsenal® 5548 Electrician's Pouch

Six large screwdriver slots, two large main pockets, and five smaller

pockets provide ample storage for the equipment used daily by electricians. Electrical tape chain and tool spring clip offer additional space. Pouch is made of puncture-resistant 1680D ballistic nylon with nickel-plated hardware. Nickel-plated storm drains keep tools dry and ventilated.

Item No	Description	Size	Unit
ERG13648	Electrician's Synthetic Pouch	One Size	Each

## Arsenal® 5840 Electrician's Tool Organizer

32 compartments, an exterior tape loop, and a removable small parts organizer keep tools and materials well-ordered and easily accessible. Constructed of puncture-resistant 1680D ballistic nylon with nickel-plated hardware. Four molded ABS plastic bases keep it upright and prevent water from damaging the contents of the Organizer. Bio-curved padded shoulder strap and carry handle for easy portability.

ERG13740	Electrician's Tool Organizer	One Size	Each

# KNEE PADS / WRIST SUPPORTS

MaxKnee

QuickMax

FlexKnee

QuickFlex

Gel Knee Pad

Value Plus

## Gel Knee Pad

The neoprene Gel Knee Pad utilizes a silica gel pad insert to provide outstanding comfort. The pad fits behind a flexible riveted rubber cap, which offers excellent knee protection. Fastens around the leg with a 2"-wide strap that includes a Velcro® closure for a secure and comfortable fit. Universal size.

Item No	Description	Color	Unit
ALL6986-GEL	Gel Knee Pads	Black	Pair

## Value Plus Knee Pad

Features an ABS cap that is stitched on to add strength while increasing comfort (particles can't lodge beneath it). Rugged poly fabric exterior around a high-density, lightweight foam core, with a long pad for all-day comfort. Two fully adjustable straps with Velcro® closure ensure a custom fit. Ideal for dusty, dirty environments. Universal size.

Item No	Description	Color	Unit
ALL6999	Value Plus Knee Pads	Blue	Pair

## ProFlex® 4000 Wrist Support

Limits wrist flexion to neutralize posture but doesn't compromise finger dexterity, flexibility or productivity. Patented Open Center Stay™ design reduces pressure on the median nerve. Adjustable two-stage closure adjusts first for correct fit, then for desired level of tension. Antimicrobial inner fabric wicks away moisture to keep wrists dry and comfortable. Exclusive "red line" indicator ensures correct position of wrist and hand. Single-wrap design. Specify right or left hand when ordering.

Item No	Description	Color	Size	Unit
ERG4000-B	ProFlex 4000 Wrist Support	Black	S-XL	Each

## MaxKnee and QuickMax Knee Pads

**MaxKnee** is ideal for applications where kneeling on rough abrasive surfaces is required. The hard ABS outer knee cap resists abrasion and works with extra-long inner padding for optimum comfort. Constructed with two fully adjustable Velcro® straps for a perfect fit. The **QuickMax** style has quick-release buckles. Universal size.

Item No	Description	Color	Unit
ALL7102	MaxKnee Knee Pads	Blue	Pair
ALL7102Q	QuickMax Knee Pads	Blue	Pair

## FlexKnee and QuickFlex Knee Pads

Keep knees protected during carpentry, maintenance, electrical work, or any other job where a knee injury could occur. Lightweight **FlexKnee** pads are capped by large, abrasion-resistant rubber for long-lasting wear. The rubber cap allows maximum flexibility while maintaining a secure fit. Constructed with two fully adjustable Velcro® straps for a perfect fit. Also available in a quick-release version **QuickFlex** and **Non-Marking FlexKnee**. Universal size.

Item No	Description	Color	Unit
ALL7103	FlexKnee Knee Pads	Blue	Pair
ALL7103-02	FlexKnee Knee Pads	Black	Pair
ALL7103Q	QuickFlex Knee Pads	Blue	Pair
ALL7103-01	Non-Marking FlexKnee	Blue	Pair

## Contour Knee Pad

Soft 1/2" foam rubber is contoured to fit the shape of the knee, allowing easy side-to-side movement on hard surfaces. Because the knee pad is contoured, the 1 1/2" Velcro® straps can be worn loosely for greater comfort. Ideal for laying brick and other masonry work. The cost-effective **Economy Contour Knee Pad** features a comfortable 1/2" outer foam with flexible "spring back" memory. Pads feature a ribbed kneeling surface to reduce slippage, and have an absorbent lining. Adjustable Velcro® straps provide a secure, customized fit.

7100-02

Item No	Description	Color	Unit
ALL7100	Contour Knee Pads	Gray	Pair
ALL7100-02	Economy Contour Knee Pad	Black	Pair

## Deluxe QuickFlex Knee Pad

The 3/4"-thick pad of the Deluxe QuickFlex Knee Pad wraps around the knee for side protection and has a hinge design for greater ease of movement. The soft rubber cap conforms to the shape of the knee for comfort and protection. Two 1 1/2"-wide straps with quick-release buckles are easily adjusted for a snug fit.

Item No	Description	Color	Unit
ALL6990	Deluxe QuickFlex, w/ Buckles	Black	Pair

## ProFlex® 670 Ambidextrous Wrist Support

Provides light to moderate wrist support for office and industrial use. Features a removable 2" woven elastic strap. Wrist Wrap can be worn with or without the strap, and the strap is reversible to keep it out of the workspace. Hook-and-loop closure adjusts for a comfortable, exact fit and desired tension. Single layer of durable neoprene conforms to the wrist for a comfortable, glove-like fit, promoting warmth and uniform support without muscle restriction. Machine washable. Ambidextrous. Specify size when ordering. Black.

ERG670	ProFlex 670 Wrist Support	Black	S-XL	Each

# ANTIVIBRATION GLOVES / BACK SUPPORTS

## Fingerless Antivibration Glove

Incorporates visco-elastic polymer padding in the palm and thumb web area for excellent impact, vibration and repetitive strain protection. Nylon stretch Lycra® absorbs moisture and provides a comfortable fit. Features a detachable leather wrist support and a grain leather abrasion pad for added durability. Ideal for heavy industrial use with jackhammers, grinders or other impact tools.

Item No	Description	Unit
704-20L-L	Left Hand, Large	Pair
704-20R-L	Right Hand, Large	Pair

## Full Finger Antivibration Air Glove™

A pearl leather palm and reinforced leather fingertips provide a high level of protection. The patented Air Bubble™ bladder technology features individual air chambers for vibration protection in the palm, fingers and thumb. Ideal for extended use with impact and vibrating tools. Comfortable Lycra® back and a secure-fitting hook-and-loop wrist closure. Specify size when ordering.

Item No	Description	Size	Unit
BG413	Full Finger Air Glove	XS-XL	Pair

## ProFlex® 2000SF Back Support

A patented contoured design has a V-shaped cut that hugs the body comfortably and naturally. Patented Sticky Fingers® stays deliver firm, continuous support to lower back and abdominal muscles.

Their maximum gripping properties reduce back support ride-up. The two-stage closure adjusts first for an exact fit, then again for desired level of tension. Adjustable 1 1/2"-wide woven elastic suspenders are detachable and feature a suspender positioner that provides a precise fit and helps prevent the suspenders from slipping off the shoulders. The durable, comfortable Spandex body cloth combines breathability and consistent stretch. Machine washable. Specify size when ordering. Black.

Item No	Description	Size	Unit
2000SF	ProFlex 2000SF Back Support	XS-4XL	Each

## Half Finger Antivibration Air Glove™

Patented Air Bubble™ bladder technology features individual air chambers for vibration protection in the palm, fingers and thumb. Ideal for extended use with impact and vibrating tools. Pearl leather palm for added durability. Comfortable nylon Lycra® back. Hook and loop wrist closure. Specify size when ordering.

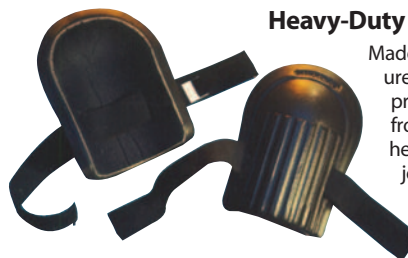

Item No	Description	Size	Unit
BG401	Half Finger Air Glove	XS-XL	Pair

## ProFlex® 100 Back Support

Provide essential lower back and abdominal support with the economical ProFlex 100. Rubber-tracked webbing helps keep the back support comfortably in place. The two-stage closure adjusts first for exact fit, and then for the desired level of tension when lifting. Helps remind the wearer to lift properly. Wide-cut, adjustable 1 1/4" knit elastic suspenders improve performance, comfort and fit. Lightweight spandex body cloth is durable and washable. Specify size when ordering.

Item No	Description	Color	Size	Unit
100	ProFlex 100 Back Support	Black	XS-4XL	Each

## Heavy-Duty Knee Pad

Made of form-fitting urethane, which provides excellent protection from cumulative trauma and helps prevent knee and hip-joint stress. Nonslip ribbed surface. The Heavy-Duty Knee Pad can be worn on either knee. One size fits all.

Item No	Description	Unit
840-00	Knee Pad	Each

## ProFlex® 9002 and 9012 Certified Vibration Reducing Gloves

Provide an extremely high level of protection from damaging impact and vibration, and greatly reduce the occurrence of Hand-Arm Vibration Syndrome (HAVS), caused by lengthy use of vibrating tools.

An exclusive thin-profile Nu<sup>2</sup>O<sub>2</sub>® polymer dampens impact and vibration without adding bulkiness. Nu<sup>2</sup>O<sub>2</sub> is a neoprene-laminated, layered construction that includes a urethane layer impregnated with oxygen. The result is a soft, comfortable gel pad built into the palm, fingers and thumb.

The pigskin leather palm and fingertips are durable and breathable.

A neoprene knuckle pad further enhances protection. Wicked™ treated to remove perspiration and excess moisture. Micro-injected wrist closure.

**ProFlex 9002** is a standard glove and the **ProFlex 9012** features a built-in wrist support with a patented Open-Center Stay™ for added protection. ANSI 3.40/ISO 10819 certified. Specify size when ordering.

## ProFlex® 9015 Certified Vibration Reducing Glove

Essential protection for workers who use vibrating power tools daily. Exclusive Nu<sup>2</sup>O<sub>2</sub>® polymer in the palm is extremely effective at absorbing vibration. The polymer pad is a neoprene-laminated, layered construction that includes a urethane layer impregnated with oxygen. The palm and palm-side fingers are made of durable, abrasion-resistant pigskin. The back features a tough PVC shell for extra protection, and fingertips are reinforced for added wear. The durable, woven elastic cuff features

a rugged, micro-injected closure for quick cinching. Wicked™ treated to remove perspiration and excess moisture. ANSI 3.40/ISO 10819 certified. Specify size when ordering.

### ProFlex Gloves Size Chart

Size	Fits
Small	Up to 8" (20cm)
Medium	8" to 9" (20-23cm)
Large	9" to 10" (23-25cm)
XLarge	10" to 11" (25-28cm)
XXLarge	11" to 12" (28-30cm)

Note: Measure around the palm. Do not include the thumb.

## ProFlex® 900 and 910 Impact Gloves

The **ProFlex 900** provides moderate protection from shock and impact. Visco-elastic polymer inserts are built into the palm, thumb and forefinger to dampen shock and impact. Durable, breathable pigskin offers good grip and abrasion resistance. Neoprene knuckle pad for added protection. Breathable stretch spandex on the back, and lightweight spandex between the fingers. Contoured shape and keystone thumb provide optimal comfort. Micro-injected closure for quick cinching. **ProFlex 910** has a built-in wrist support and patented Open-Center Stay™ that exerts less pressure on the median nerve than traditional stay configurations. Wicked™ treated to remove perspiration. CE Approved. Specify size when ordering.

ERG910	ProFlex 910	S-2XL	Pair

## ProFlex® 710 and 712 Trades Gloves

The **ProFlex 710** is ideal for applications with exposure to abrasion, impact and

shock. The palm and fingers are made of soft, flexible and durable Amara™ synthetic leather.

A textured PVC palm provides a secure grip and features Akton™ polymer gel to absorb impact. Fingertips and the thumb/index finger saddle are reinforced with Amara for longer wear.

Glove pulls on easily with convenient pull tab, and the cuff features a micro-injected closure for quick cinching.

**ProFlex 712** is similar but features ¾ fingers for added dexterity. Machine washable. Specify size when ordering.
